

3rd Grade

Staying Kinected

Driving Question

How can we as a school stay “Kinected” across two campuses?

Content:

The project will cover a variety of 3rd grade standards: social studies standards as the students learn about geography and utilize map skills (SS 3.1), language arts standards as the students research and write about different forms of communication across time (W 3.1), and speaking and listening skills (SL 3.1-3.5) when students develop persuasive sales pitches to present to other students and staff.

Major Products

The students will create and implement the proposed ideas for staying “Kinected” across campuses after they have been approved by the Middle School and Admin.

Public Presentation

The students will present their product ideas to middle school students, receive feedback and make a final sales pitch to Admin.
