

Kinetic Academy Holiday Second Grade

Driving Question: How can I build school community using what I have learned about different holidays around the world?

Content: RI.3 Describe the connection between a series of events or concepts.

RI.6 Identify the main purpose of a text.

W.2 Write informative/ explanatory texts.

W.6 Use a variety of digital tools to publish writing.

SL.1 Participate in collaborative conversations.

SS.2 Students demonstrate map skills.

Major Products: Students will create a holiday that will be celebrated on Kinetic Academy's birthday. To share the holiday with others, students will create a fact sheet about the holiday and create a photo booth with the symbols of the holiday.

Public Presentation: On Kinetic Academy's birthday students will create a photo booth with the symbols of the holiday and will take photos with the students of Kinetic Academy. Students will also share a fact sheet that has the history of the holiday and the meaning behind the symbols.
