

# 1ST GRADE: KA KID ENTREPRENEURS

Driving Question: How can we use our knowledge of goods and services to design and market items to sell to students at KA?

Content:

I.1.6: Students understand basic economic concepts and the role of individual choice in a free market economy.

1. Understand the concept of exchange and the use of money to purchase goods and services.
2. Identify the specialized work that people do to manufacture, transport, and market goods and services and the contribution of those who work in the home.

I.NBT: Use place value understanding and properties of operations to add and subtract.

I.OA: Add and subtract within 20, work with addition and subtraction equations

Major Products: Students will create goods or services within created business partnerships.

Public Presentation: Students will enjoy presentations from a child entrepreneur as well as adult entrepreneurs that will share how they created and run their businesses. Students will sell their goods and services to other KA students and 1st grade parents that wish to attend.
