

Kinetic Academy Illness Guidelines

The following guidelines have been developed to help you determine when your student needs to stay home or go home from school

In most situations, any student who develops new, unexplained symptoms should not return to campus until it is clear that symptoms are mild and improving or are due to a non-infectious cause. For some instances a healthcare provider documentation may be requested.

<p>COVID-19 Positive Please notify the school office if your student tests positive</p>	<p>➤ Must isolate/stay home and may return to school when:</p> <ul style="list-style-type: none"> • Student is fever free for 24 hours (without fever reducing medication) AND • Student is feeling well with no symptoms or symptoms are mild or improving.
SYMPTOMS	Should your student stay home or go home from school?
<p>Fever</p>	<p>Yes, if</p> <ul style="list-style-type: none"> • Fever of 100.4°F or greater, or student acts ill or student unable to comfortably participate in school activities <p>May Return to School when: Fever went away in the night-without using fever reducing medication and its still gone in the morning: AND other symptoms are improving and the child can participate comfortably in routine activities.</p>
